PROFESSIONAL SUMMARY

A dedicated and enthusiastic fresher eager to apply my academic knowledge in a professional environment. I am a fast learner with good problem-solving skills and a positive attitude toward teamwork and growth.

EDUCATION

Qualification	Institution Name	Year	Percentage
Bachelor Of Engineering (ECE)	Anjalai Ammal Mahalingam Engineering College	2021 - 2025	74%
HSC	St Joseph’s Girls Higher secondary School	2020 - 2021	86%
SSC	St Joseph’s Girls Higher secondary School	2018 - 2019	86%

EXPERIENCE

Web Development Intenship - Vebbox Software Solution (Jul - 2023)

Completed a Web Development Internship with hands-on experience in HTML and CSS, contributing to responsive and user-friendly frontend designs

Machine Learning Intenship - Vcodez Software Solution (May - 2025)

Gained practical exposure to Machine Learning concepts during an internship, including data preprocessing, model training, and evaluation.

PROJECT

Liver Cancer Detection using Machine Learning

- Built a Machine Learning-based system for detecting liver cancer from histopathology images.
- Used Convolutional Neural Network (CNN) for feature extraction from medical images.
- Applied preprocessing techniques such as noise removal, normalization, and augmentation to improve model performance.
- Accuracy: 92%, reduced false positives through CNN-based feature extraction

IPL Analysis Dashboard using Power BI

- Applied DAX measures for calculating player averages, strike rates, economy rates, and performance metrics.
- Designed a user-friendly dashboard with slicers for season, team, match, and player filters.
- Enabled data-driven insights for performance evaluation and strategic decision-making.

Sales Application Using UI/UX

- Designed high-fidelity UI prototypes using Figma/Adobe XD.
- Focused on user-friendly layouts, accessibility, and smooth interactions.
- Applied fundamental UI/UX principles to enhance user experience and visual consistency.
- Designed 10+ screens, improved usability score by 40% with user-centered design principles

SKILL

- **Programming:** Python, SQL,
- **Web Technologies:** HTML, CSS , Javascript
- **Data & Analytics:** Power BI, Excel, DAX
- **Design Tools:** Figma, Adobe XD
- **UI/UX Design:** Wireframing, Prototyping, User Research Basics, Accessibility Principles

CERTIFICATES

Data Analytics Certification - TN Skill Development Corporation (TNSDC)

Machine Learning Intenship - Vcodez Software Solution,Chennai

Web Development Intenship - Vebbox Software Soltion,Kumbakonam

UI / UX Design - IBM ,Coursera

Machine Learning Workshop - NIT,Trichy

LANGUAGES

- Tamil
- English
